

Town of Kingfield

Application for Connection and/or Changes to the Wastewater System

Purpose: Any change of usage in any building connected to a publicly maintained system shall not be made without approval by the wastewater superintendent.

Change in Use means any structural, mechanical or physical change to a building which allows the occupancy to increase; or the activities within the building to expand or alter such that, when the building is fully utilized, the design flow or required effective leaching area will be altered/changed.
